Teaming

***Dewellie's Home & School for Orphans Liberia***

# Would you help us **to get a teacher?**

DONATE ONLY
**1€ PER MONTH**

Close to Liberia's capital Monrovia, Martha Dewellie, a 54 years old Liberian teacher, has founded this home for orphan children.

Nowadays **19 babies, children and teenagers are living together as a family**. The Orphanage consists only of a common room, one bedroom for girls, one bedroom for boys and latrines. There's no access to electricity or running water and they struggle for food and clothes. Recently a basic school was built, which still misses teaching material, chairs... we would like to offer these kids some education, a better oportunity in life.

**Our first goal is to be able to pay one teacher's monthly salary**. That means 80$. That's why we need your help. You can contribute with 1€ per month joining our Teaming group.

Teaming (www.teaming.net) is an online tool to raise funds for helping social causes with micro donations of 1€ a month. Our philosophy is based on the idea that with only 1€ if we are alone we can't do too much but if we join together, we can make beautiful projects possible.

Please join our group and help the children in Dewellie's home and school in Liberia.
