YEMEN'S FIRST STRAY ANIMAL RESCUE & SHELTER PROJECT
Sana'a YEMEN, DECEMBER 2018 – ongoing

CURRENT STATUS REPORT IN YEMEN :

- ***Strays are routinely killed** with poisoned meat distribution in the city streets and by lethal injection by the local municipality,
- *NO animal laws,
- *no animal regulations,
- *no sterilization nor vaccination campaigns,
- *no public shelters or refuges...
- *Clear and present danger due to ongoing civil war, with bullet wounds being a frequent problem
- *Disease is aggravated by absence of public rubbish collection

OUR VISION and ACTION PLAN:

°To provide emergency veterinary treatment to ill and injured stray dogs and cats in Yemen's capital of Sana'a (under blockade)

- to provide capacity building support so that we can take the lead in humanely managing Yemen's local stray animal population*
- Humanely reducing the numbers of unwanted stray animals through CNVR (Catch Neuter Vaccinate Return) programs
- to improve adoption rates and move stray animals out of our shelter and into responsible homes in Yemen and abroad
- to **eliminate rabies and diseases**, reduce pet abandonment and improve public attitudes towards stray animals

• **OUR ACTION PLAN :**

- **EXISTING SAFEHOUSE SHELTER NEEDS: Rental per month : 400USD**
